

FRONT 1200

Construction & Durability:

Robust Dual-Material Build: Low-carbon steel exterior with a full cast iron interior for superior heat retention and longevity.

Replaceable Cast Iron Lamellas: Modular design for easy maintenance and extended product life.

User-Friendly Design:

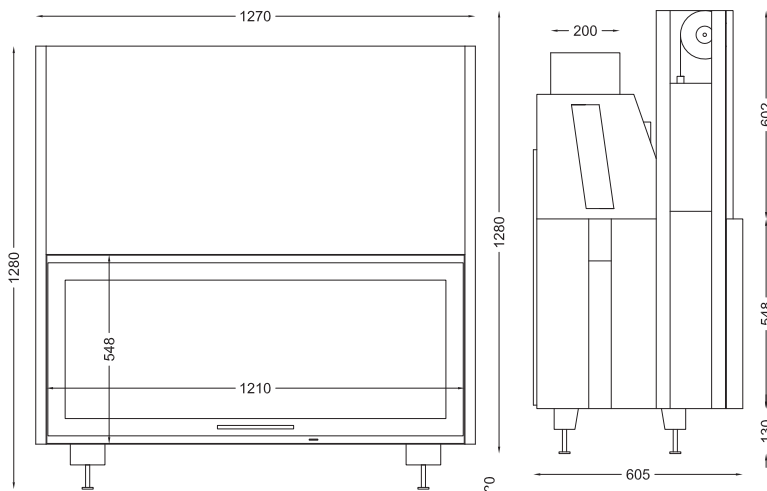

Dual-Access Doors: Lift-up door for quick wood loading. Side-opening door for easy maintenance and cleaning.

Removable Ash Pan: Hassle-free ash disposal.

Airwash Clean Glass System: Keeps the viewing window clear of soot for uninterrupted flame visibility.

Production Norm	iso 9001
Heating Capacity Range (KW)	10.9 - 27.0
Weight (Kg)	245
Efficiency (%)	81.0
Door Dimension (cm)	121 x 54.8
Overall Dimensions (cm)	127 x 128 x 60.5
Max Log Size (cm)	105
Flue Diameter (mm)	195
Co Ratio (%)	1.10
